BELOVED PEARL'S DISCOURSE

"I AM" ASCENDED MASTER YOUTH OF AMERICA

CLEVELAND, OHIO MARCH 5, 1938

ELOVED CHILDREN OF THE LIGHT, how We enjoy watching the activity of the "I AM" Ascended Master Youth of America. What a magnificent title to give you, Young America. If you could know the rejoicing since This has come forth. It is wonderful, again just showing you how it does come forth, at the call of the individuals, that which is most needful at the time.

Will you feel, Precious Ones, that you are not dealing with anything in the world but just your own Life? Oh, that the Youth of America, as We see and know it now, could understand how all this Magnificent Understanding Beloved Saint Germain has brought forth is logical. It is practical; the most practical thing in human experience, because It is your Life – Its activity. It is the Law of Life which you are calling into action. Could there be anything more practical in the entire world than That – the Understanding of your own Life and Its activity, why it is so; and how you can intensify It without limit to produce perfect, successful achievement in whatever your attention may be directed?

The whole World needs This today, must have It if it is to survive. The conditions that mankind has brought about them has made it possible for that which the Ascended Masters have called the sinister force, which is just the discordant, destructive accumulation of mankind governed by self-conscious individuals who have failed on the Pathway of Light. Shall I try to explain to you tonight why individuals who have failed on the Pathway become really destructive? This has never been explained to My Knowledge during the Work and perhaps it would be well.

The first reaction of an individual who has failed to give obedience to the Law of its own Life is first rebellion; then as that is dwelt upon it becomes revenge, and then it becomes hate of all and to all who are succeeding on the Pathway of Light. Why? Because the constructive activity of Life is shut off, cut off as it

were, by this change of feeling in the individual as they contemplate those feelings.

Now, mark you, there again is the trinity of action in destructive qualities. YOU WILL NOTICE THAT. Therefore, the same as anything in the outer world today, if you contemplate it and revolve it in the feelings, you build the condition more powerful of that kind. It acts either way, constructive or destructive, because it is energy qualified. Therefore, in your understanding of why these things are so, the young people of America must come to understand why individuals become destructive.

For instance, today you see in your outer world, individuals who are disappointed in love. They love an individual and because they cannot have them they become revengeful, hateful and even commit crimes because of it – knowing at the time that it cannot possibly remedy any condition. Therefore, again it is contemplated, destructive qualities that build until they become the dominant, controlling activity of the individual.

This is why, Beloved Ones, whatever confronts you in Life, never have an unkind feeling about it. Simply call the "I AM Presence" into action. Not that you should not be positive, because you should, but that does not mean you should feel unkind. Why do I ask or suggest you do this? Because it is your only protection. The moment you become discordant with either revenge, resentment, hatred or anger, any one of those four qualities will open your door to the destructive qualities in the octave, and if any one quality of those four is dwelt upon, it will carry your stream of energy through into that octave which will release the mass accumulation upon you.

This is why people find it so difficult. They allow themselves to enter into fits of anger and often become so charged with that quality, that it is simply impossible for them not to do it. The slightest provocation will cause them to feel this sense of anger, and because they do not know the need of standing guard it begins to manifest, and afterward brings about conditions that no one wants. It may act in various manners, but it always produces something that no one wishes to have in their life; and while that is acting within anyone, the reason is not acting. Therefore, the

© Copyright by Saint Germain Press, Inc.

only impulse is to release its force – again, energy qualified.

You see, Dear Ones, there is not one thing – illness, limitations, destructive qualities of whatever kind they may be – it is all your Life Stream of Energy qualified – clothed by that quality which generates within your feeling world, that is the cause of the distress of mankind today, their limitations and their conditions which they experience.

Now Beloved Rex, Bob, Nada and Myself – I wish We had time to go on and on and tell you just a little of Our Magnificent Experience from the time this good Brother here left Us in India. You will understand that He was there in the body Beloved Saint Germain had created for His use – not this physical body here, but in the other body which was just as tangible as this one.

When He left Us in Beloved Chananda's Home in India, We were there for a time, then returned to the Retreat in Arabia where We continued the study and governing Power of the Use of the Light Rays, which has been so vital since. In the Work which Beloved Bob and Rex have accomplished, little does America realize today what those two Blessed Boys have done for America. And think Bob and Rex were just boys really. Bob had entered into considerable responsibility in his engineering work and Rex had assisted his father, but yet he did not feel the responsibility of the outer world to a very great extent. Today, those Blessed Boys are able to wield Power that is almost terrifying if you were to see It in action. This is the opportunity for every Youth in America today.

You see, everything is changing within the Earth. The great final attempt is being made to set mankind free, and I want to say to you tonight that whether the protection of America, and I mean by that the prevention of all war in America, is accomplished or not, that has not anything to do with the accomplishment of the "I AM" Students throughout America and the World. All of those who are earnest and sincere and stand by their "Presence" will go on with their perfecting activity in spite of anything else that occurs.

We were discussing this point today and Beloved Saint Germain said that We must begin to convey this idea to the

people, for many were beginning to wonder over America in the possibility that war, "the third episode of Washington's Vision" should come about, what about those who had been earnestly seeking the Light? Well, it would in nowise interfere with their freedom or the expansion of their Light. Will you be sure to remember this and convey it to others?

I want to convey to you just a little of what took place in this Conclave today. If My feeling serves Me correctly I think the Great Divine Director is quite sure of the Victory of America. Now that is My feeling, He has not said so. Those Great, Wise Beings are so very careful in Their very great Wisdom. They see so far beyond what the outer can possibly imagine, and even in the slightest, minutest details of individual's lives, that you would be so amazed to see how gentle, how automatically They will act even in the releasing of the vibratory action to the individual for the accomplishment They wish to maintain for the Victory of the individual They wish to help.

For remember today, any earnest, sincere effort on your part, a record is made and the watchful care of the Great Host of Light over all the Youth of America and the sincere "I AM" Students is one of the most remarkable things ever experienced on Earth. You know how very careful a mother is watching her infant child, especially until it begins to run around – you know how careful mothers are that everything is in order for them; and yet far more careful are the Great Ones of Light watching over the Students of America today and the young people, the Youth of America, than any mother ever watched over her child. It is so magnificent really, and "I AM" sure that a great, great per cent of the earnest, sincere "I AM" Students of America and the World really feel That. I think they really feel an almost Infinite Protection and Blessing about them.

No one who really makes an earnest, sincere effort can fail. It is not possible. It must be within the individual, but those who determine to stand for the Light and have their Freedom will have all the assistance required to have that Freedom. Nothing in the world can stand before It.

I want you, Precious Ones, to feel that your Light, your

"Presence," the Authority and Power of your world, and of the Universe as far as that is concerned, wants you to have every good thing; and It only asks you to remain sufficiently harmonized in your feelings to stop the requalifying of Its Mighty, Perfect Energy as It flows forth from your Heart and out into your world if It is to produce Its continuous Perfection for you.

The only reason why discord occurs before individuals is because in their own Life Stream by disturbance they have allowed the discordant qualities and elements of mankind to intrude into their feeling world and then outpicture. You see? Therefore, today, this is no longer necessary. Each one who will stand firm and unyielding with their "Presence" will find This Current of Energy flowing into their body, and by their being no quality in the feeling world to qualify or change That, It will produce health in the body; and as the Radiance goes forth into the feeling world, will keep it so harmonized that at any moment the "Presence" wishes to project Its Powers with intensified action, It will be able to do it, because there will be nothing there to qualify, stop or change it. You see?

Therefore, the simplicity and all the "Presence" asks of individuals, to have Its Perfection flow forth, really is so small that anyone really can do it. Keep your feelings so harmonious that no requalification goes on. Then make your Call to the "Presence" at regular intervals so you keep a steady impulse flowing from your Call. Then as That intensifies, Its Radiance goes out and you find perfect health in the body and all things about you harmonized and no one will want to feel or say unkind things; because that Radiance is the governing power – because It is Light. You see? Light, which you call forth from your "Presence," which We sometimes call Self-Luminous, Intelligent Substance, as It flows forth It knows no opposition; and no quality of human discord ever attempts to interfere with that Light, because it knows it cannot.

Light is the Power of the World, and the Call to the Great Beings of Light which your Blessed Lotus, Mrs. Ballard, uses in the close of the Transcriptions or Broadcasts – "The Light of God never fails" – is one of the greatest utterances ever made by

© Copyright by Saint Germain Press, Inc.

human words, because it is the greatest truth of Life there is. "The Light of God never fails," and never could if human qualifications were to cease. The only reason you are not perfect beings and your world filled with the limitless supply of all you require for use, is because of your qualification that has been going through your feeling world.

Now you, young people today as We were, have not yet charged your feeling world in this embodiment with the intensity that others have by unhappy experiences, but you still have your Life Streams of the past to cleanse, purify and dispose of, so you do not know what that has been. Therefore, the imperative need, Beloved Ones, is the Use of the Violet Consuming Flame as is shown here on the Chart. There is not a human being on this Earth who does not need It continuously for the reason, not knowing what has been in the past. If there has been something destructive then that must come forth like everything else to be dissolved and consumed by the Power of the Violet Consuming Flame.

Now you do not have to urge that to come forth, because it is surging all the time to come forth into action. It does not know it is going to be consumed, but if you ask the "Presence" to keep the Violet Consuming Flame going it will be consumed as it comes into and touches your feeling world. Therefore, it cannot act in your experience, because it must come into your feeling world where the Violet Consuming Flame will consume it; but if it reaches far enough to touch the atomic structure of your body, your physical form, it will find expression out into your world.

This is why in giving this explanation tonight, and I presume it may go forth in the magazine where all may have the benefit of it, it is the need of mankind today. The Messengers have urged and pled and pled with mankind the need of governing the feeling world, still mankind does not realize that there is the simple remedy for everything that exists in the world.

We were so fortunate in Our experience in this embodiment before We were free, that there seemed no cause or need for inharmony in Our experience. And the peculiar thing, and Bob often refers to it yet – He said: "How was it that in my school

© Copyright by Saint Germain Press, Inc.

work and the School of Mines that I did not get into the inharmony that a lot of the boys did"? There is but one explanation, and that is the Light through his own being was acting strong enough to keep him sufficiently harmonious that he did not attract that very thing. That is the case with everyone today when the feelings are sufficiently harmonious, and this Power of the "Presence" flowing forth, it is not longer an attraction for the discord of the outer world. Therefore, it attracts the other. Because of the harmony there, it attracts more harmony; and if discord begins to build, it gathers more of its kind.

You see, this is the condition of mankind today who do not understand, and the most unfortunate thing for those who feel antagonistic to the Messengers or the Work, because they build discordant things to act in their lives that no one would wish to see come about, but they will be compelled to reap it, because they have sent forth the cause.

Therefore, tonight I have asked the Great Ones to call forth the Power while "I AM" talking to you to so charge your feeling world with the Glory of Their Presence so you will not have difficulty ever in keeping your feeling world harmonious; so the full Power of the "Presence" will flow forth at all times to keep you harmonious and flow out into your world; so whatever your attention is upon acts through the Power of Divine Love and Harmony to produce Its Great Perfection in your world.

Now I want to say to you that in calling forth, for instance, a projecting forth of the Presence and Power of Divine Love, the outer world does not understand yet; and many times as you begin to pour That forth to bless individuals, the minds that are still acting under the depraved activity will many times misinterpret it. So as you send This forth, for instance, to young men who do not understand This Work and do not understand the pouring forth of Divine Love is a Divine thing and not human, if they misinterpret that as a human activity from you, then discord would enter your world. Therefore, any time you call forth the Power of Divine Love and pour It forth, charge It with the quality that no one receiving It, young men or women, can qualify that back to you with a human element.

 © Copyright by Saint Germain Press, Inc.

You see, this is the greatest opportunity for the young people today as they pour This forth and charge It, no one can interpret that back to them as a human quality. Then you will not have people misinterpreting the Divine Love and kindness you pour out to them as a human element. It is magnificent for all who would understand this, and especially our young people, as well as the older people; then you have made yourself safe from the unkindness and unhappiness which come about by that very misunderstanding.

There are hundreds of people in America today who, by that feeling of kindness and the outpouring of Love, have been misinterpreted and great unhappiness comes of it. It is why today, you as students of the Great "Presence" should understand this means to prevent that acting in your own lives. It is so important, for so great unhappiness comes from this one thing alone.

So you see in the Trinity of Action is Love, Wisdom and Power; and it is why the Great Ones have said and many people have not understood it, that Divine Love Itself is not sufficient. You see? Divine Love Itself will lead one in ungoverned conditions; because It is just the Presence and Power of Divine Love acting, but if Wisdom is acting with Divine Love, then it will not do that. Then, Wisdom is governing and if you want a dynamic action of Divine Love and Wisdom, you must have Power. But Power in Itself is dangerous in the use of anyone, because it is cold and hard as steel. Then you see when Love, Wisdom and Power are acting in balanced form how the Great Power and Perfection of your "Presence" are acting in the Fullness of Its Presence and Power. Therefore, be sure that in all your activities you are calling for, if you are really calling with intensity to your "Presence," that you are having a balanced action of Love, Wisdom and Power.

In the time of Beloved Jesus, the Great Outpouring was the Presence and Power of Divine Love, and the World has not interpreted it, and did not get the benefit He intended. So today, this is being remedied by the Work Beloved Saint Germain has brought forth. Well, it is really not serious, but if it were not just a little serious, it would be funny how the orthodox world, the moment they hear of Beloved Saint Germain in connection with

© Copyright by Saint Germain Press, Inc.

Beloved Jesus, they bristle at once and feel momentarily at least, that somebody was intruding upon Beloved Jesus and His Domain; when Beloved Saint Germain is the Fulfillment of that which Beloved Jesus started two thousand years ago. Isn't it magnificent, and one day the outer world will understand That; and then the great Glory will flow forth. But it is the only solution of the orthodox world today, because through Beloved Saint Germain will be the Fulfilling of the Words of Beloved Jesus. This Messenger before you tonight in His Experiences with Beloved Saint Germain has been the Fulfilling of the Words of Beloved Jesus, and is the only one in America who has done It! This is why His Experiences are the most vital thing to mankind on the face of this Earth today! And unless mankind can understand and realize His Experiences are true and real, they will close themselves off from the Great Blessing which the Knowledge and the Understanding given forth in the "I AM" Discourses would bring them. You see how logical and how it all fits in just perfectly in the building of the whole structure for the Freedom of mankind?

Therefore, tonight one little group – you perhaps think it is very small, do you not? It just seems a few people in the room, doesn't it? If you feel that, "I AM" sure you have forgotten that We are acting in the mental and feeling world of mankind; and will you believe it when I say to you, the Great Himalaya has prepared the Way tonight for This to reach everywhere in the mental and feeling world of mankind? There are a great many people who would say: "Well, when the Messenger has spoken to six thousand people, why should He take the time for a small group"? How little mankind knows of the Great Law. Oh, so little, but if mankind only would not feel those things and just allow the great activity to go on, how great would be that blessing everywhere.

All that I have said tonight will act within the mental and feeling world of every Youth in America who is sufficiently harmonized, and there are thousands that it will reach. I mean outside of the students – the young people of America. And all the students will feel it distinctly – the Young America.

So I want you to realize in This Activity of the Light, every opportunity is utilized to send forth this Great Power of Light to

© Copyright by Saint Germain Press, Inc.

do Its Work for mankind; and you, Blessed Ones, here whose intensity and sincerity have been so staunch, rejoice with all your Hearts, for one day you will require a place holding several hundred to take care of your Young People's Group. So please ask your "Presence" to bring this about; and at all times – now do not misinterpret this as anyone's inability, but this is another point We are going to urge – just a little more than suggest, We will even urge it – that all the young people in their Groups call the "Mighty I AM Presence" to raise up a dynamic Group Leader in their midst. You see, because in this Activity today, it requires enthusiasm, dynamic power; and that is where you can accomplish so tremendously in your activity as you call the "Presence" to do That. It is wonderful; and then step by step you will find the magnificent quality of action.

For instance, when Beloved Saint Germain asked Bob to sing with the quartet, as you have possibly read, Blessed Bob was scared and He did not think He could do it, and Beloved Saint Germain said to Him: "Do you not trust Me"? That settled it, and Bob said: "Of course." Beloved Saint Germain said: "When you are ready to sing, you will find you have forgotten your disturbances." Sure enough, when it came time He forgot all about Himself until it was all over, and then the human rushed back again, but He was delighted that it had not been apparent at the time.

This is just what happens to all of you as you continue to call the "Presence." In an emergency you find the "Presence" rushes in and acts, and afterward you will wonder how you were able to do it. That is for all mankind, especially the youth, because there are so many wonderful, wonderful young people in America, and as We see it from the Inner Standpoint, We see how truly wonderful they are.

So I want you to feel, you Young People of Cleveland, how great is Our Love for you, and how We will do all in Our Power to give you assistance in every way as long as you make your sincere, earnest Call to your "Presence" to give you assistance, to give you Protection and hold Its Dominion about you.

This has been a very joyful evening and will you remember that Blessed Bob, Nada, Rex and Myself are working – perhaps I

© Copyright by Saint Germain Press, Inc.

should use the other term – serving as We never imagined it was possible to serve, and in a Service which brings Happiness and Freedom to mankind. There is no Service in the entire Universe which is so great – teaching mankind how, that in their own Stream of Light is the Wisdom and Power, the remedy for everything the outer world needs today, in a manner through the Power of Divine Love and Divine Justice which no accumulation of mankind in its destructive qualities has any power to stay.

If individuals will just say to all human appearances, in that great, calm serenity: "I know you have no power, therefore, you cannot touch my world! 'Mighty I AM Presence,' now You take command, pour Your Radiance forth and dissolve from my pathway every discordant thing!" That is Light from your "Presence" which you call forth into action before you, and it does dissolve all discord. Remember that Light is as tangible, more tangible, than the light which illumines the room here tonight through the electric current; because It is Self-Luminous, Intelligent Substance and is tangible.

Try to feel, all of you, that when you are talking to your "Presence" and asking for a Release from It, all that It does is tangible and practical; because whether you see Its action or not – the currents of energy – still it is practical. The same as you turn the light on in this room tonight, darkness was here before it was turned on, but when you turned the light on, darkness disappeared. It is so in all mankind's human creation that is darkness, and when the Light is called forth into action, the darkness must disappear and that is human creation. You see? This is why the human creation has no resistance and does not try to resist the Power of Light called forth. If the students become more powerfully aware of that in their application, you will find the results will be tremendously more.

Therefore, tonight just accept the Great Outpouring of the Love, Wisdom and Power of your "Presence" flowing in, through and around your mind, body and feeling world and then out into your pathway before you; that Great Power of Light, Self-Luminous, Intelligent Substance which just sweeps forward and dissolves everything unlike Itself before you. You can visualize

 © Copyright by Saint Germain Press, Inc.

that – I mean picture it with your natural, physical sight or vision. Just see a great Stream of Light go forth and dissolve; then see It come forth from your "Presence," envelop you and your feeling world and you know as That passes down, in, around and through you, all else has to disappear. It cannot remain in that Radiance. If you just understood this sufficiently, I mean with sufficient intensity, you could just in a few hours call forth this Substance of Light from your "Presence" which would sweep in and through your physical body and feeling world and sweep out every discordant thing.

Another point We are going to ask all students everywhere to utilize with dynamic energy, and it is to ask the "Presence" to take command and charge the activity of every organ of your body with Its Perfection and hold Its Dominion. It is time the entire world began to realize they can take command of their body, and that every organ will act; then as you call the Wisdom of the "Presence" to direct the appetite, the human body will be governed so only that will go into the stomach which agrees with it, and in this way, everything will come into Divine Order.

Oh, Beloved Ones, I used to enjoy that, too; but in your social activities, make your refreshments very simple. If you realized what many of your social functions, with rich cake and all such things, do and cause to act in your feeling world, you would almost be sorry your functions occur; but that is why mankind thinks they must do something unusual, and they go to great effort in preparing that which takes great effort to govern afterward. How very true it is.

I shall never forget – I had an aunt who I see now was expressing during her life a great deal of practical wisdom, and one day she said regarding this very point: "Why do you insist in your happiness on trying to make yourself ill"? I did not understand it then, but today I do. In people's enthusiasm in trying to produce that which they feel produces joy in their life and their efforts, they actually do that which produces sometimes very great difficulties. In the simplicities of your understanding of the requirements of the body, if you will just take that into consideration you will find you will have a great deal more happiness and not

© Copyright by Saint Germain Press, Inc.

have difficulty afterward.

I want to say in conclusion, Dear Ones - please do not misunderstand this – everyone who gives attention earnestly to their "Presence," a great purifying activity goes on within the physical structure of your body. You become more and more sensitive to conditions. It must be so, but at the same time as you begin to notice that, you must take a firmer command and control of yourselves. Then you will govern that and as the sensitiveness increases you will find, by charging the "Presence" to stand guard, you will be able to sense the beautiful, finer, perfect things from your "Presence" and shut out through this Tube of Light the things that would touch or disturb you from without, by touching your feeling world. As you do this, you will find you are the Master of your world!

I thank you.
